

## ACH Payments FAQs

### What are ACH Payments?

The ACH payment method is a convenient and secure way to pay bills online. Using ACH you are able to send funds directly from your bank account to ours, reducing your transaction processing costs and the risk of identity theft. There are two types of ACH payments, ACH Credit and ACH Debits.

### What is ACH Credit and How Do I Set It Up?

ACH Credit allows you to make payments to us at your discretion. To set up this type of payment, please contact [accountsreceivable@stambaughness.com](mailto:accountsreceivable@stambaughness.com) to request SN's banking information.

### What is ACH Debit and How Do I Set It Up?

ACH Debit allow you to have payments automatically withdrawn by SN on the invoice due date. To set up this type of payment, please complete the [ACH form](#) found in the "Client Portal" section of our website, [www.stambaughness.com](http://www.stambaughness.com). The link to this section is located in the upper right of the home page.

### Can I Still Pay by Check?

Yes. Payment by check is still accepted, however ACH Payments provides you with an easy, secure, and convenient online option. When paying by check please include the invoice number on your payment.

We sincerely appreciate your business and the opportunity to serve you. Please contact [services@stambaughness.com](mailto:services@stambaughness.com) if you have any questions about ACH payments.
